Saksham Sharma

Sophomore Undergraduate Computer Science and Engineering Indian Institute of Technology Kanpur Email: saksham0808@gmail.com
Email: sakshams@(cse.)iitk.ac.in
Blog: http://acehack.org
Github: sakshamsharma

Educational Qualifications

Bachelor of Technology: Indian Institute of Technology, Kanpur CPI: 10.0/10.0

July'14-Present
Senior Secondary - CBSE: D.A.V. Public School, Amritsar Overall percentage: 97.6%

2014

Academic Achievements and Scholarships

- All India Rank 138 in Joint Entrance Exam Advanced 2014 among 150,000 candidates
 All India Rank 10 in Joint Entrance Exam Mains 2014 among 1.5 million candidates
- Received the Aditya Birla Group Scholarship along with 15 other IITans

 2014

 Kickeya Vigyanik Protecha Vojna (KVPV) National Talent Scarch Scholarship (NTSE) awardes 2012 10

• Kishore Vigyanik Protsahn Yojna (KVPY), National Talent Search Scholarship (NTSE) awardee 2013,10

Projects

• Web Developer at IIT Kanpur

May'2015-Present

- Working on a scaleable web-app using Haskell, Scala with Akka, ElasticSearch, Node.js, Dart, Angular.
- Worked on the backend and the frontend team, and handled an independent division of the app as a full-stack Web Developer.
- Microsoft code.fun.do 2014 and 2015 Winning team member twice Jan'2015 and Sep'2016
 - Fresher Designed a graphing app to plot implicit 2D mathematical functions for Windows Phone.
 - Sophomore Made a frontend to an open source program simulation code for Microsoft Windows.
- ABU Robocon 2015 Supervisor: Prof. Bhaskar Dasgupta

Oct'2014-Mar'2015

Machine Learning

- Worked on making 2 semi-autonomous robots capable of playing badminton on a full court.
- Image-processing to track the shuttle, predict trajectory. Used Arduino and Odroid for robot control.
- Used stereo-vision, and later Microsoft Kinect to source depth data.
- Microsoft code.fun.do Finalists Forum 2015 National 5th in Coding Milestone May'2015-Jul'2015
 - Developed an app to help users learn programming in their spare time.
 - An extensive app in C#. Wrote backend web service (Online Judge) in Node.js to compile, run and verify user submitted programs.

Work and Volunteer Experience

May'15-July'15	Web Intern at IIT Kanpur, under Prof. Manindra Agarwal, DoFA Was adjudged as one of the best interns.
Apr'15-Present	Secretary at Programming Club, IIT Kanpur Organized Freshers' Programming Contest and programming workshops.
Aug'15-Present	Technical Secretary at Association for Computing Activities, IIT Kanpur Member of the student body of CSE department, IIT Kanpur.

Technical Skills

Web Development	Node.js (with Express), Scala (with Akka), Javascript, Dart, PHP, Angular
Programming Languages	C/C++, Python, Haskell, Java, C#, Scala
Operating Systems	Gentoo Linux, Arch Linux, Microsoft Windows, Ubuntu
Utilities	Vim, Git, GDB, Shell Scripting, Visual Studio, GNU Octave, OpenCV
Platforms	Windows Phone, Microsoft Kinect, Arduino

Relevant Courses

Cyber Security	Web Development	Programming Languages			
Interests					
\mathbf{A}^* grade for exceptional performance	*: Course in progress	**: To be completed by April '16			
Probability and Statistics (**)	Computer Systems Security(**)	Linear Algebra, O.D.Es, Calculus			
Discrete Mathematics	Data Structures and Algorithms(**)	Computer Organization(**)			
Introduction to Programming (A^*)	Logic in Computer Science	Abstract Algebra			

Functional Programming Miscellaneous
